Programming & ML

Tools & Workflows

EDUCATION

Expected Spring 2026	Bachelor of Arts in Computer Science <i>The College of Idaho, Caldwell, ID</i> Minors: Communication Arts, Anthropology & Sociology
-----------------------------	---

ANALYTICAL PROJECTS

Academic Project	Early Warning Student Retention Pipeline <i>Python, scikit-learn, pandas</i> - Built an end-to-end Python ML workflow processing demographic data to surface actionable intervention lists for academic advisors. - Cleaned 4,400+ records and established robust preprocessing pipelines using IQR clipping for extreme outlier handling. - Trained and tuned LASSO, Random Forest, and Gradient Boosting models via 5-fold cross-validation. - Extracted LASSO coefficients to ensure model interpretability and explain risk factors clearly to non-technical stakeholders.
-------------------------	--

PROFESSIONAL EXPERIENCE

Summer 2024	Astronomy Data Processing Intern <i>The College of Idaho (Caldwell, ID)</i> - Developed a Python data pipeline (NumPy, pandas, Cosmos) to process raw telescope imagery and extract photometry insights. - Collaborated with domain experts to translate scientific requirements into a reliable analytical workflow. - Troubleshoot anomalies in raw image data to validate outputs and ensure high-fidelity results.
2023 to 2025	IT Helpdesk & Library Assistant <i>The College of Idaho (Caldwell, ID)</i> - Troubleshoot student hardware/software issues, translating user problems and escalating advanced cases to core IT. - Manage digital cataloging for campus library resources using specialized software to ensure 100% data entry accuracy.
2018 to 2022	Head Waiter Assistant <i>Varadero Restaurant (Santa Pola, Spain)</i> - Promoted in 18 months to manage foundational operations, coordinate schedules, and direct staff during high-volume shifts. - Acted as primary liaison between management and staff, resolving operational issues in a fast-paced environment.

COMMUNICATION & LEADERSHIP

2022 to Present	Senior Member & Judge <i>The College of Idaho Debate Team</i> - Competed in and judged 15+ tournaments, synthesizing rigorous research into clear arguments under strict time limits. - Mentored incoming international team members, translating complex debate mechanics into accessible concepts.
------------------------	--
